

Policy

Title: Positive Provisioning for Cyclists

Category: Roads, Traffic and Walkways

Date Last Adopted: 15 February 2022

1. Objectives

To provide direction and to ensure Council officers consider the needs of cyclists during design and construction of projects not requiring planning approval and to improve the safety and comfort of cyclists where such improvements are feasible in terms of engineering and costs.

2. Background

This policy was developed as a result a working group directed to summarise the Cycleways Study undertaken in 1984.

3. Policy

That where any works are proposed to be carried out by the City of Hobart, the Divisional Director initiating such work shall ensure that such works when investigated or designed, take account of the needs of cyclists where appropriate.

4. Legislation, Terminology and References

Not applicable.

Responsible Officer:	Director City Amenity and Director City Planning
