HOODED PARKING BAYS

Meeting: City Infrastructure Committee

Meeting date: 1 June 2022

Raised by: Lord Mayor Reynolds

Question:

Can the Director advise why there appears to be parking spaces being taken out of service on the northern side of Argyle Street between Liverpool and Bathurst Streets?

Response:

The City Mobility Unit have advised that the Tasmanian Ambulance Service and Royal Hobart Hospital requested a number of changes to on-street parking in the vicinity of the Royal Hobart Hospital as a part of their COVID-19 response planning.

The on-street parking on the northeastern side of Argyle Street between Liverpool Street and Bathurst Street was temporarily converted to ambulance parking as a part of that planning.

The Public Health Emergency Declaration relating to COVID-19 expired on 30 June 2022. This parking will be converted to parking for police vehicles, to replace the police parking that was in place on Liverpool Street, but was removed to facilitate construction works at the Royal Hobart Hospital. It is anticipated that the parking for police vehicles will remain in place throughout the duration of this stage of construction works.

As signatory to this report, I certify that, pursuant to Section 55(1) of the Local Government Act 1993, I hold no interest, as referred to in Section 49 of the Local Government Act 1993, in matters contained in this report.
