CENTRAL HOBART PRECINCTS PLAN - DISCUSSION PAPER

Meeting: City Planning Committee

Meeting date: 1 November
2021

Raised by: Councillor Dutta

Question:

Can the Director advise what was the rationale to the naming of the five precincts within the discussion paper and why an aboriginal name was not considered?

Response:

The five precincts currently have working titles based on current character and identity. These may be refined with feedback from the community and key stakeholder consultation process. If an Aboriginal name is to be used it would need the authorisation of the Aboriginal community. The Aboriginal community is to be consulted as part of the process.

As signatory to this report, I certify that, pursuant to Section 55(1) of the Local Government Act 1993, I hold no interest, as referred to in Section 49 of the Local Government Act 1993, in matters contained in this report.
