Acknowledgement

In recognition of the deep history and culture of our city, we acknowledge the Tasmanian Aboriginal people as the Traditional Custodians of this land. We acknowledge the determination and resilience of the Palawa people of Tasmania who have survived invasion and dispossession and continue to maintain their identity, culture, and rights.

We recognise that we have much to learn from Aboriginal people today, who represent the world's oldest continuing culture. We pay our sincere respects to Elders past and present and to all Aboriginal people living in and around Hobart.

We invite people undertaking street performance in nipaluna to recognise that all program locations are on traditional Aboriginal lands. We encourage all buskers and street performers to reflect and acknowledge the ongoing connection of Tasmanian Aboriginal people when undertaking their activities.

Introduction

The City of Hobart Busking and Street Performance Program aims to create more vibrant and appealing public spaces throughout Hobart by increasing opportunities for informal performances and creative expression.

The City defines busking or street performance as the act of performing in a public place, often, but not always, in exchange for money.

The program allows buskers and street performers holding a permit from the City of Hobart, to perform at designated locations throughout the Hobart local government area. These locations include a mix of city and suburban shopping precincts, along with a selection of parks.

Locations have been selected based on their proximity to potentially large numbers of passers-by, while also aiming to reduce possible negative impacts on residents and businesses by ensuring minimum distances from shop frontages and footpaths for pedestrians. At some locations limited amplification is allowed and these are listed in the locations section of this document.

Permitted performance times are between 8 am and 8 pm, from Monday to Friday. On Saturdays performance is permitted between the hours of 10 am and 8 pm and on Sundays between the hours of 10 am and 6 pm.

There are limits on the size of groups permitted to perform together and all performers in a group need to have their own individual permit to display when performing. The 'permitted performer card' lets the public know that you have a permit to participate in the program.

This guidelines document provides an overview of the program, and includes information on:

- program locations and which ones allow limited amplification
- how to apply for a permit
- the full list of terms and conditions, including permitted times and days
- who to contact if you have any feedback, questions or concerns.

We encourage all members of our creative community to apply and participate in the program, and performers of all ages are welcome.

“We are a city that supports its writers, visual artists, filmmakers, performers, producers and venues. We support artisans, tinkerers and craftspeople. We encourage and support participation in the arts and creative pursuits, as professionals and amateurs.”

How to apply for a permit

Before applying for a permit, you should read this guidelines document. On page 16 there is a list of terms and conditions and it is important that you understand them. Each person in a performance group needs to have their own permit.

After reading the guidelines, head to our webpage hobartcity.com.au/busking-and-street-performance, click on the 'Apply online' button and fill out the form. Paper copies of the application form can be picked up from the City of Hobart, Customer Service Centre, 16 Elizabeth Street, Hobart.

If you are under 18 years of age, a parent or guardian is required to sign on your behalf.

You will be asked to provide a sample of your work as part of your application. This is so we can better understand the performers that are a part of our program. You can provide this sample through one of the following ways:

- link to your music or performance on your website
- link to your music online
- link to your music or performance on YouTube, Vimeo or similar platform
- copy of a CD or DVD of your music or performance (this can be dropped off at the Customer Service Centre)
- testimonial from your music or performance teacher (this does not have

to be lengthy, a confirmation that you are a student is sufficient).

The City of Hobart will not store or download any of the online material you submit as part of your application. For information on how the City of Hobart manages, handles and protects personal information, please refer to the Privacy Statement and Policy, which can be found at hobartcity.com.au/privacy. CDs or DVDs can be left at the Customer Service Centre, 16 Elizabeth Street, Hobart marked 'Attention: Activation Programs and Tourism Unit – Busking and Street Performance'. All CDs or DVDs will be returned after your application has been assessed.

If none of these options are possible, you can make an appointment with a member of the team to review your music or performance in person. Please indicate this on your application and they will be in touch.

Your approved permit will be valid for one (1) year from the date of issue. After this time you will need to re-apply.

“We invest in creativity and culture. We support programs that bring creativity to our city.”

Hobart: A community vision for our island capital

Safety and wellbeing

As part of your application, you will be asked if your performance involves props or actions that have the potential to injure a person or property. If you answer 'yes' to this question, a member of our team will be in contact to discuss your performance further.

The City of Hobart has a responsibility to make sure all performers have assessed the risks associated with their performance and have put in place the appropriate controls to ensure the safety and wellbeing of themselves and the community.

In some cases, the City may require that a permit holder has public liability insurance to an identified value for the life of the permit. If asked by a City representative, the permit holder will need to provide evidence of this insurance policy.

“Creativity is part of our daily lives — not just in the arts but each of us in our own way.”
